I A social media post

 **Meagan West**
 March 14, 10:30

Ten days of rain and the river is getting higher. I wasn't worried until I spoke to Bill and Caroline who live next door. They say the same thing happened five years ago – but they weren't prepared for it. They woke up one morning to find the ground floor under 60 cm of water! So they've moved everything upstairs – everything they *can* move! – and, if the rain doesn't stop tomorrow, they're going to stay with some friends in Manchester. I really don't want to leave my home but, if I have to, then I'll do the same – and come and stay with one of you. Is that OK?
